

## Take Action

Our aim is to reach 3 billion people with the message of Peace Day by 21 September 2012, but we can't do it alone.

So this year we are encouraging people to complete the **Three Steps To Peace One Day**. Here's how it works:

1. **Decide** what you will do to make peace on 21 September - in school, at home or in your local community
2. **Log** your Peace Day commitment at [www.peaceday.org](http://www.peaceday.org)
3. **Tell** others around the world and ask them to complete the **Three Steps to Peace One Day**.

This simple concept empowers individuals, particularly young people, to lead the way in making Peace Day known throughout the world. In this way, the process becomes self-sustaining.

To log your Peace Day 2010 commitment and find out how POD is reaching out via education, music, film, football, fashion and digital platforms - visit [www.peaceday.org](http://www.peaceday.org) today.
